Dear

STAT

Many thanks for your heartwarming telegram and letter. I was delighted to hear from you again because the mention of ADIRONDACK brings back many happy memories for me as well. Sorry  missed the wedding last fall and the chance to chat and get caught up.

STAT

Appreciated your congratulations on my appointment and particularly your offer of assistance. While the challenge in prospect is an exciting one I know I will have continuing need for all the good wishes you are kind enough to send along.

I will look forward to seeing you in Dallas, or perhaps in Washington if you ever come that way. Until then, all the best to you.

Yours,

STANSFIELD TURNER  
Admiral, U.S. Navy
